

How to create your Book Box

- 1. Pick a Reader:** Choose a book you've read and really enjoyed.
- 2. Find fun items from the story:** Think about the people, places, and things in your book. Now, collect small objects, drawings, or toys that remind you of the the story.
- 3. For example:** A teddy bear for a bear character; a leaf for a story set in the forest; or draw your own pictures if you don't have the items.
- 4. Decorate your box:** Use paper, stickers, colors, or anything creative to make your box look like the book cover or something from the story.
- 5. Put the items inside the box:** Carefully place your chosen items or drawings in the box.
- 6. (Optional) Add labels:** You can write short notes or labels to tell what each item is and how it connects to the book.

**Present your Book Box to the class.
Tell your friends what book you chose and what each item means.**
