2. Finding resources
3. Translating texts
4. Checking grammar, spelling and punctuation
5. Completing all your homework for you
6. Representing data visually
7. Generating practice questions for exam revision

## 2a. Read

Artificial intelligence  
is a real game-changer.

Really? I never use it.

Yes, it can help you to study  
better but remember, it can't  
THINK for you!

Cool!  
Can you show me how  
it works?

**2b. Complete with the idiom of the month.**

AI is a real \_\_\_\_\_ for students who need extra help outside class.

*Artificial intelligence can be a game-changer if you use it correctly as a study tool and not as a substitute for study.*

**3. Ask AI to explain the difference between the past simple and the present perfect to you. Use that knowledge to help you complete the grammar explanation.**

experiences      bridge      finished      true      when

The past simple is used to talk about (1)\_\_\_\_\_ actions that happened in the past – you have to say (2)\_\_\_\_\_ they happened. The present perfect is like a (3)\_\_\_\_\_ between the past and the present. We use it to talk about things that happened in the past but are still (4)\_\_\_\_\_ now, our (5)\_\_\_\_\_ and very recent past.

**4. Oracy skills Debate the following motion:**

*Artificial Intelligence is not a game-changer for education, it is just a new way for students to cheat.*

**Team A: Argue in favour of this statement**

**Team B: Argue against this statement**

**Teacher's Notes**

1. Tick: 1, 2, 3, 4, 6, 7
2. AI is a real game-changer for students who need extra help outside class.
3. (1) finished; (2) when; (3) bridge; (4) true; (5) experiences
4. Review language for debates before you put students into teams. Consider nominating a chairperson to moderate the debate. Set a time limit.
